HEALTH CARE THAT'S BUILT AROUND THE MOST IMPORTANT PERSON IN THE WORLD: YOU.

At Hancock Health, we think you deserve more from your health care. **More control. More convenience. More services.** And more ways to save on the cost of care without sacrificing the quality.

So we created something brand new: Hancock Health Gateway. With:

- Full-service lab and imaging facilities that can save you an average of **70%** over hospital costs—with results delivered in **36 hours or less.**
- Immediate care services that give you access to a healthcare provider not just during business hours, but early, late, and on weekends.
- Upfront price estimates so you'll know what to expect before you receive services.
- Online *Save My Spot* feature that lets you save a place in line.
- A single, easy-to-understand bill.

All in a welcoming, family-friendly environment conveniently located at I-70 and Mount Comfort Road—just 15 minutes or less from New Palestine, Greenfield, McCordsville, Lawrence, Irvington, and the east side of Indianapolis.

And it's only the beginning of our plans to give you more power to improve and protect your good health. As our community and its needs grow, so will Gateway. It's a center of healthful living—and it's all just getting started.

Come see for yourself. We think you'll like the difference. After all, we built it just for you.

GATEWAY IMMEDIATE CARE: RIGHT HERE, RIGHT WHEN YOU NEED US.

Sometimes it's not easy to see a healthcare provider on your schedule. And sometimes, your need for care just won't wait.

For those times, turn to Gateway. Our immediate care center is ideal for minor injuries and illnesses, wellness visits and routine physicals (including sports physicals), and lots more.

Walk-in visits are always welcome. You can also *Save Your Spot* online. And since we're open Monday through Friday from 8 a.m. to 8 p.m., and Saturday and Sunday from 8 a.m. to 5 p.m., getting in line when it's convenient for you is easier than ever.

Speaking of easy: How about upfront price estimates—and one simple, easy-to-follow bill after we serve you? All this, and an incredibly convenient, easy-to-access location. It's all part of our philosophy of delivering health care for the way you live.

See Gateway Immediate Care for:

- Minor illnesses, including allergies, cold and flu symptoms, ear infections, and nausea.
- Minor injuries, including cuts, burns, sprains and strains, and minor broken bones.
- Wellness and physical services, including sports physicals, Department of Transportation physicals, flu shots and other vaccines, and more.
- Women's health needs, including pregnancy testing, urinary tract infections, and yeast infections.
- Skin conditions, including rashes, poison ivy, sunburn, lice, and chicken pox.

LABS AND IMAGING THAT SAVE YOU TIME AND MONEY

One key to getting the right care at the right time is making sure you get the right diagnosis. That often means timely lab tests and X-rays, MRIs, and other imaging procedures—and those can be expensive. And waiting for results can be excruciating.

Until now. At Gateway, lab and imaging services are an average of **70% less expensive** than the same tests performed at a hospital. In fact, **95%** of our lab and imaging services are priced lower than anywhere else in the area.

Best of all, your results will be available to you via our secure HealthConnect portal, and your provider, within **36 hours or less**. So you don't have to wait long for important health information.

As with all our services at Gateway, you can get an upfront cost estimate. And your affordable bill will be accurate and easy to understand.

Ask your provider about referring you to Gateway for complete lab and imaging services.

It's the great care you need—at a price that makes getting it more affordable than ever.

Gateway Lab and Imaging Services

At Hancock Gateway, we work closely with your provider as we:

- Collect specimens such as blood and urine to assist in making an accurate diagnoses
- Test blood chemistries and components to help your provider choose the right medications and dosages

If your provider orders any lab service, we can provide it.

We provide these imaging services:

- MRI
- CT
- X-ray
- Ultrasound
